GENERAL BUSINESS TERMS

ADDRESS -

Please spell your name in print form if possible, so that there be no danger of mis-sending your order, thereby, causing delay and death to either plants or fish.

SHIPMENTS -

All shipments go forward in rotation as they come in, we reserving the right to either ship by Express or Parcel-post, whichever may be the safest at that time. By doing this, we are looking out for your interest.

TERMS -

Orders go forward only when sufficient funds to cover are accompanied with order. Shipments made C. O. D. (either by Express or Parcel-post), will go forward only when at least 25% of the total is sent with order to guarantee acceptance of same.

SHIPPING CANS -

Our shipping department is endeavoring at all times to deliver to you live healthy specimens and use their best judgment as to how many fish will ship safely in a can or thermos.

"FOR (X) FISH ABLE TO STAND COLD"

	American Can	\$0.50	NOT RETURNABLE						
	German "	1.00	RETURNABLE FOR CREDIT WHEN PREPAID						
Extra Large	German "	1.50	" " " " " "						

"FOR FISH THAT CANNOT STAND COLD"

1	Gallon Thermos	\$1.50	RETURNABLE FOR CREDIT WHEN PREPAID						
2	" "	2.50	" " " " " "						

(Prepaying of these cans and thermos cost only 20¢ if sent by Express).

REPLACEMENTS -

We replace fish and plants only when accompanied by a bad order slip from the Railway Express Agency. Please have them examine same on arrival and if such be the case, get this bad order slip.

INQUIRIES -

We do our best to answer all questions, but for fuller instructions on fish and plants, you will find Wm. T. Innes book called Goldfish Varieties and Tropical Aquarium Fishes, also, one of the latest books by F. H. Stoye, an English translation of German books, called Tropical Fish for the Home - both are very good and the later is good for identifying any new Tropical fish. Also, the Bilderatlas is another very good book for identifying fish.

RARE FISH

BOLEOPHTHALMUS SPEC.

Really a rarity worth having. Males are colored with Blue and Phosphorescent Green, also Dark Red, having flowing porcupine like dorsal rays. Females are highly colored, not having the porcupine like rays. See picture above or Bilderatlas.

Per Pair \$3.00 3 Pair - \$2.25 per pr. 6 Pair - \$2.00 per pr. Young 75¢ Each.

ABUDEFDUF SAXATILIS
"THE CONVICT FISH"

The newest, as well as among the most beautiful of barred fish. This new addition is one of the most graceful and interesting fishes that we know of. Above picture will give you an idea of same. The bars on these fish are very wide and are of a blue-black shade. These colors do not fade out and during the breeding season, there is nothing more beautiful than these fish. It is our pride and we recommend same to all Aquarists for something new and distinct. Be sure and try a pair.

Per Pair \$3.50

Per Dozen \$18.00

BEAUTIFUL RARITIES

SPEARTAIL GUPPY

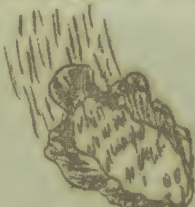

"WECHSLER STRAIN"

This Newest Rarity has tail in the shape of a spearhead (we don't mean sword) and when it is excited, half of the body turns solid Black. It is the most highly colored of the Guppy variety and the males are usually twice the size of the average American Guppy. They cause a sensation wherever presented. "GET YOURS BEFORE WE SELL OUT AGAIN." PER PAIR \$1.50 - PER DOZEN \$8.00

LYRE TAIL GUPPY

NEWEST development in a Giant Guppy. See picture above. As highly colored as the Speartail, a bit larger and colors more vivid. Really, the Newest thing. Will cause a sensation for color and size in males.

PER PAIR \$1.50 - PER DOZEN \$8.00

AEROPLANE FISH
FRESH WATER FLOUNDER OR SOLE

A real oddity. These Fresh Water Flounders or Sole have both eyes on one side of Their head and swim different from any other fish in our aquariums. Innes calls them AEROPLANE FISH and they really look it when they start from one end of the Aquarium to the other, swimming on the horizontal. Very Odd and attractive! As well as amongst the best scavengers. PER PAIR \$2.50 - 3 PAIR for \$6.00

THE NEW
MEXICAN BLUE SPOT CICHLID

NEW NAME

HERYCHTYS CYANAGUTTATUS

OLD NAME

NEETROPLUS CARPINTUS

This New Cichlid has been bred only twice in this country and this happened at the Greater City Aquarium Society show two years ago and at our hatchery this year. Very Odd and Beautiful. Males when full grown form a hump that reminds you of our American Buffalo. Both fish are flecked in Blue and Green Spots.

LARGE BREEDERS PER PAIR \$3.50 - YOUNG BREEDERS PER PAIR \$2.50

CICHLASOMA MEEKI

"CICHLID RED BREAST"

"ACAROPSIS NASSA"

Newest and most peaceful of all the Cichlid family. See August write-up on this fish in The Aquarium Magazine.

(BREEDERS) PER PAIR \$3.50

YOUNG \$10.00 PER DOZEN

DWARF MADAGASCAR AQUARIUM
LILY

EXTRA RARE WATER PLANTS

MADAGASCAR LACE PLANT

AFRICAN FOUR LEAF CLOVER

The Rarest Aquatic plant in the world is now available. After ten years of trying, we have raised a sufficient supply to offer this Rarest Water Plant at \$12.00 per plant. Leaves average 6" to 8" in length and are so beautiful, that they are beyond description. WE ARE THE ONLY COMMERCIAL DISTRIBUTORS OF THE LACE PLANT IN THE WORLD. They are very fastly disappearing from their home in Madagascar, as the natives have been eating the roots for hundreds of years. These plants will never be a drug on the market, as they propagate very very slowly, but are very very hardy.

NEW MADAGASCAR DWARF AQUARIUM LILY

Will bloom a light blue lily in your aquarium in ordinary sand. We don't know its name, as the original stock came with our shipment of Madagascar Lace Plants. Does not require direct sunlight, but likes a little of it. A True live-bearing lily. Reproduces young plants from center of old leaves. Very interesting. Prefers ordinary aquarium sand for its growth. PER PLANT \$1.25

AFRICAN AQUATIC FOUR LEAF CLOVER

This is a rarity from the Mediterranean Shores and a real rarity at that. Will grow fine in any aquarium or pool that has plenty of sunlight. Really belongs to the Fern family. Reproduces through spores, as well as shoots.

PER PLANT \$1.00

REAL HETERANTHERA

A very beautiful Central American aquatic, blooms small Hyacinth-like blossoms in the aquarium.
